Craemer

EU Declaration of Conformity — Regulation (EU) 2025/40, Annex VIII

|                 |                                                |
|-----------------|------------------------------------------------|
| Declaration no. | 81941998c0ecd83c-60a9-4ba6-af84-d205fc06bdba-1 |
| Issue date      | 08/03/2026                                     |

## 01 Unique identification of the packaging

|               |          |
|---------------|----------|
| Internal code | 81941998 |
|---------------|----------|

## 02 Manufacturer Information

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| Full company name  | Craemer Holding GmbH                                     |
| Registered address | Brocken Straße 1, 33442 Herzebrock-Clarholz, Deutschland |
| Contact — email    | guido.behrens@craemer.com                                |
| Roles              | Producer and Manufacturer                                |
| Business units     | Craemer GmbH                                             |

## 03 Declaration of sole responsibility

Craemer Holding GmbH declares on its sole responsibility that the packaging described in this declaration meets the applicable requirements of Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR).

## 04 Object of the declaration

|                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

| Article reference       | Not set                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Packaging Description   | The SB3 pallet box is available optionally with three runners or nine feet. The extremely sturdy runner or foot attachment of the one-piece manufactured SB3 ensures exceptional durability and guarantees safe tilting emptying with a forklift rotary joint in the runner version; additional ribs over the entry openings provide the SB3 pallet box with increased impact protection against forklift tines. The seamless design and the straight, smooth inner surfaces of the large load carrier allow for optimal filling and equally easy emptying. Cleaning and subsequent drying are also straightforward with the SB3 pallet box. The continuous stacking ledge on the upper and lower edges also makes the SB3 compatible with a variety of other pallet boxes. |

### 04.1 Packaging Components

Conformity is declared for the packaging as a whole. Components are listed for identification and traceability only; their individual assessment is recorded in the technical documentation.

| Name                                        | #     | Internal code | Material       |

## 05 Statement of conformity

---

The object of this declaration is in conformity with the relevant Union harmonisation legislation: Regulation (EU) 2025/40 (OJ L, 2025/40, 22.1.2025), in respect of the applicable requirements laid down in or pursuant to Articles 5 to 12, as identified in section 05.1. No other Union acts are covered by this declaration.

## 05.1 Requirements applicability and conformity (Art. 5–12)

Conformity as at 12 August 2026. Conformity is declared for the packaging as a whole; the components are listed under point 4.1 for traceability.

| Requirement                                           | Status             |
|-------------------------------------------------------|--------------------|
| Art. 5 — Substance restrictions (heavy metals & PFAS) | Conform            |
| Art. 6 — Recyclability                                | Conform            |
| Art. 7 — Recycled content in plastic packaging        | Conform            |
| Art. 8 — Bio-based feedstock in plastic packaging     | Not yet applicable |
| Art. 9 — Compostable packaging                        | Not applicable     |
| Art. 10 — Packaging minimisation                      | Conform            |
| Art. 11 — Reusable packaging                          | Conform            |
| Art. 12 — Labelling of packaging                      | Conform            |

## 06 References to standards and technical specifications

## 07 Notified body

Not applicable. The conformity assessment was carried out under Module A (internal production control) in accordance with Article 38 and Annex VII of Regulation (EU) 2025/40. No notified body was involved.

## 08 Additional information

### Regulatory statement

This document is a declaration of conformity prepared in the context of Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR). The undertaking issuing this declaration states that the packaging and the packaging components described herein are placed on the market in accordance with the applicable obligations, to the extent reflected in the technical documentation and records maintained under the PPWR.
