| Packaging name          | Palette SL1 PE G basaltgrau 7 mm                                                                                                                                                                                                                                                                                                                          |
| Packaging internal code | 83259801                                                                                                                                                                                                                                                                                                                                                  |
| Packaging level         | Primary                                                                                                                                                                                                                                                                                                                                                   |
| Article reference       | Not set                                                                                                                                                                                                                                                                                                                                                   |
| Packaging Description   | The SL1 Euro pallet is injection molded in one piece and, thanks to its low overall height of only 120 millimeters, is particularly suitable as an intermediate layer pallet for order picking and distribution of goods and products. The minimal tare weight of the SL1 plastic pallet of only 7 kg makes handling this reusable pallet extremely easy. |

### 04.1 Packaging Components

Conformity is declared for the packaging as a whole. Components are listed for identification and traceability only; their individual assessment is recorded in the technical documentation.

| Name                     | #    | Internal code | Material                       |
|--------------------------|------|---------------|--------------------------------|
| basaltgraues HI-Compound | 7.30 | 89999983      | Plastic / HDPE, Plastic / LDPE |

## 05 Statement of conformity

The object of this declaration is in conformity with the relevant Union harmonisation legislation: Regulation (EU) 2025/40 (OJ L, 2025/40, 22.1.2025), in respect of the applicable requirements laid down in or pursuant to Articles 5 to 12, as identified in section 05.1. No other Union acts are covered by this declaration.

## 05.1 Requirements applicability and conformity (Art. 5–12)

Conformity as at 12 August 2026. Conformity is declared for the packaging as a whole; the components are listed under point 4.1 for traceability.

| Requirement                                           | Status             |
|-------------------------------------------------------|--------------------|
| Art. 5 — Substance restrictions (heavy metals & PFAS) | Conform            |
| Art. 6 — Recyclability                                | Conform            |
| Art. 7 — Recycled content in plastic packaging        | Conform            |
| Art. 8 — Bio-based feedstock in plastic packaging     | Not yet applicable |
| Art. 9 — Compostable packaging                        | Not applicable     |
| Art. 10 — Packaging minimisation                      | Conform            |
| Art. 11 — Reusable packaging                          | Conform            |
| Art. 12 — Labelling of packaging                      | Conform            |

## 06 References to standards and technical specifications

No harmonised standards within the meaning of Article 36, and no common specifications within the meaning of Article 37, have been published for the requirements concerned as at the date of issue. Conformity is declared in relation to the analytical methods and other relevant technical specifications identified in the technical documentation.

## 07 Notified body

Not applicable. The conformity assessment was carried out under Module A (internal production control) in accordance with Article 38 and Annex VII of Regulation (EU) 2025/40. No notified body was involved.

## 08 Additional information

---

### Regulatory statement

This document is a declaration of conformity prepared in the context of Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR). The undertaking issuing this declaration states that the packaging and the packaging components described herein are placed on the market in accordance with the applicable obligations, to the extent reflected in the technical documentation and records maintained under the PPWR.

| Packaging Description   | The SL1 Euro pallet is injection molded in one piece and, thanks to its low overall height of only 120 millimeters, is particularly suitable as an intermediate layer pallet for picking and distribution of goods and merchandise. The minimal tare weight of the SL1 plastic pallet of only 7 kg makes handling this reusable pallet very easy. |

### 04.1 Packaging Components

Conformity is declared for the packaging as a whole. Components are listed for identification and traceability only; their individual assessment is recorded in the technical documentation.

| Name                     | #    | Internal code | Material                       |
|--------------------------|------|---------------|--------------------------------|
| basaltgraues HI-Compound | 7.30 | 89999983      | Plastic / HDPE, Plastic / LDPE |

## 05 Statement of conformity

The object of this declaration is in conformity with the relevant Union harmonisation legislation: Regulation (EU) 2025/40 (OJ L, 2025/40, 22.1.2025), in respect of the applicable requirements laid down in or pursuant to Articles 5 to 12, as identified in section 05.1. No other Union acts are covered by this declaration.

## 05.1 Requirements applicability and conformity (Art. 5–12)

Conformity as at 12 August 2026. Conformity is declared for the packaging as a whole; the components are listed under point 4.1 for traceability.

| Requirement                                           | Status             |
|-------------------------------------------------------|--------------------|
| Art. 5 — Substance restrictions (heavy metals & PFAS) | Conform            |
| Art. 6 — Recyclability                                | Conform            |
| Art. 7 — Recycled content in plastic packaging        | Conform            |
| Art. 8 — Bio-based feedstock in plastic packaging     | Not yet applicable |
| Art. 9 — Compostable packaging                        | Not applicable     |
| Art. 10 — Packaging minimisation                      | Conform            |
| Art. 11 — Reusable packaging                          | Conform            |
| Art. 12 — Labelling of packaging                      | Conform            |

## 06 References to standards and technical specifications

No harmonised standards within the meaning of Article 36, and no common specifications within the meaning of Article 37, have been published for the requirements concerned as at the date of issue. Conformity is declared in relation to the analytical methods and other relevant technical specifications identified in the technical documentation.

## 07 Notified body

Not applicable. The conformity assessment was carried out under Module A (internal production control) in accordance with Article 38 and Annex VII of Regulation (EU) 2025/40. No notified body was involved.

| Article reference       | Not set                                                                                                                                                                                                                                                                                                                          |
| Packaging Description   | The SL1 Euro pallet is molded in one piece and is especially suitable as an intermediate layer pallet in order picking and distribution of goods due to its low construction height of only 120 millimeters. The minimal own weight of the SL1 plastic pallet, at only 7 kg, makes handling this reusable pallet extremely easy. |

### 04.1 Packaging Components

Conformity is declared for the packaging as a whole. Components are listed for identification and traceability only; their individual assessment is recorded in the technical documentation.

| Name                     | #    | Internal code | Material                       |
|--------------------------|------|---------------|--------------------------------|
| basaltgraues HI-Compound | 7.30 | 89999983      | Plastic / HDPE, Plastic / LDPE |

## 05 Statement of conformity

The object of this declaration is in conformity with the relevant Union harmonisation legislation: Regulation (EU) 2025/40 (OJ L, 2025/40, 22.1.2025), in respect of the applicable requirements laid down in or pursuant to Articles 5 to 12, as identified in section 05.1. No other Union acts are covered by this declaration.

## 05.1 Requirements applicability and conformity (Art. 5–12)

Conformity as at 12 August 2026. Conformity is declared for the packaging as a whole; the components are listed under point 4.1 for traceability.

| Requirement                                           | Status             |
|-------------------------------------------------------|--------------------|
| Art. 5 — Substance restrictions (heavy metals & PFAS) | Conform            |
| Art. 6 — Recyclability                                | Conform            |
| Art. 7 — Recycled content in plastic packaging        | Conform            |
| Art. 8 — Bio-based feedstock in plastic packaging     | Not yet applicable |
| Art. 9 — Compostable packaging                        | Not applicable     |
| Art. 10 — Packaging minimisation                      | Conform            |
| Art. 11 — Reusable packaging                          | Conform            |
| Art. 12 — Labelling of packaging                      | Conform            |

## 06 References to standards and technical specifications

No harmonised standards within the meaning of Article 36, and no common specifications within the meaning of Article 37, have been published for the requirements concerned as at the date of issue. Conformity is declared in relation to the analytical methods and other relevant technical specifications identified in the technical documentation.

## 07 Notified body

Not applicable. The conformity assessment was carried out under Module A (internal production control) in accordance with Article 38 and Annex VII of Regulation (EU) 2025/40. No notified body was involved.

## 08 Additional information

---

### Regulatory statement

This document is a declaration of conformity prepared in the context of Regulation (EU) 2025/40 of the European Parliament and of the Council on packaging and packaging waste (PPWR). The undertaking issuing this declaration states that the packaging and the packaging components described herein are placed on the market in accordance with the applicable obligations, to the extent reflected in the technical documentation and records maintained under the PPWR.
